

Professional Asset Management

## SeePlus™

The need to view, organize, manage, and preserve mass amounts of invaluable digital assets is paramount within a business environment. SeePlus offers premier, business-driven digital asset management for PDF documents, Microsoft Office™ documents, and a variety of media files, along with speedy performance, and world-class photo editing capabilities. In SeePlus, you will find everything you need to ensure your small to medium-sized business' data is organized, managed, and protected.

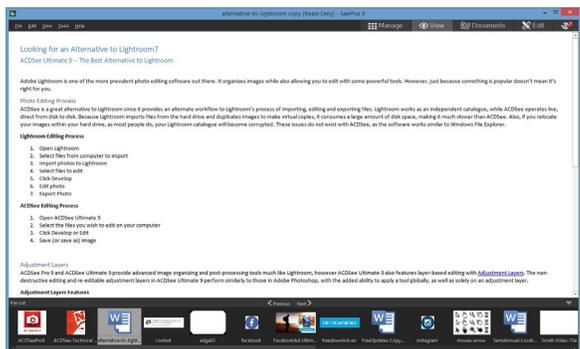

## SeePlus™ DICOM

Digital Imaging and Communications in Medicine (DICOM) has become the international standard for conveying information in medical imaging. SeePlus DICOM serves a variety of industries, including insurance, dental, and more, with viewing power for this widely-distributed healthcare messaging format. Compare images, zoom, rotate, invert, tweak brightness and contrast as needed, and save your DICOM files as JPEGs.

## Powerful Asset Management

Manage mode allows you to access, browse, and manage your entire file collection, including OneDrive™ and Dropbox™, from one centralized interface—no importing. Work how you want with a fully customizable workplace layout.

## Quick & Efficient Viewing

Experience the entirety of your file collection by date in View Mode, or just the files stored on your Microsoft OneDrive™. Gain new perspective on your files by browsing them by year, month, or day. Quickly move from this panoramic chronoscopic view to organizing and viewing individual documents and photos, including PDF and Microsoft Office™ file, in Documents Mode.

## Dynamic Image Processing

With changes applied in the order that you do them, Edit Mode allows you the creative freedom to apply precise adjustments and accentuate details to achieve the look you want. Pixel-level control, correction, modification, clarity improvement— Edit mode boasts all of the high level adjustment features you would expect from a professional photo editor. And maybe a few that you wouldn't.

## System Requirements

To activate your software, to validate your subscriptions, or to access online services, you will need a valid email address and an internet connection. To view Microsoft Office documents in SeePlus™, you will need to have Microsoft Office 2010 or above installed.
